## **RE: HMO Copay Rates Reduced to \$20 for Redlands Unified School District Employees with Beaver Medical Group**

We recently became aware that our agreement with RUSD for reduced copay amounts was not implemented with the 2015/2016 renewal.

Fortunately, we were able to assure RUSD that indeed we can continue to administer a reduced copay rate rather than the standard \$40 HMO office visit copay. Accordingly:

**Beaver Medical Group will collect \$20 office visit copays for primary and specialty care for RUSD employees and their dependents with Anthem Blue Cross or United Healthcare \$40 HMO plans in 2015-16.**

We consider our patients family, and hope you consider staying a part of the Beaver Medical Group family this year.
